

telc preparatory courses at the Mariaspring language center

Starting next month, the Mariaspring language center will expand its course portfolio and offer preparatory courses for the "telc C1 Hochschule" exam ("telc-VB"-courses).

The "telc C1 Hochschule" examination format is a recognized German language examination for university admission alongside the DSH and TestDaF and is becoming increasingly popular. However, a very good knowledge of German at C1 level alone is not sufficient for success in the exam. It is also essential to prepare specifically for the special features of the telc examination format, which differs significantly from the DSH and TestDaF.

We are pleased to be able to offer this preparation here at Mariaspring in a familiar environment and at a very affordable price.

The "telc-VB" offer is primarily aimed at participants who have passed the B2.2 exam and intend to take part in a C1.1 course. They can then book the telc preparation course in the following month in addition to the C1.1 course (package booking), which leads to a special discount.

As a further advantage, participants of the preparatory course can already reserve a seat for a "telc C1 Hochschule" exam. This exam is held approx. 1-2 weeks after the course in Braunschweig at our partner institute "inlingua Braunschweig".

You can find our flyer with further details [here](#).
